

# IDENTIFY THERAPEUTIC TARGETS FOR RELAPSED MULTIPLE MYELOMA THROUGH SINGLE-CELL OMICS

## TIME

**JULY**  
**08 / 2021**

T H U R S D A Y

9:00 AM PDT (GMT-7)

6:00 PM CET (GMT+2)

## KEY HIGHLIGHT

- Explore molecular dynamics of multiple myeloma resistance through longitudinal single-cell RNA-seq: Experimental design and data analysis (Cohen, Zada & Wang et al., 2021)
- How to interactively access this single-cell dataset in BBrowser

## SPEAKER

**Shuang-Yin Wang, PhD**  
Postdoctoral research fellow,  
Weizmann Institute of Science

**REGISTER**
